Proposal Section	Local School District
State Proposal 2026-1 A proposal to convene a constitutional convention for the purpose of drafting a general revision of the state constitution Shall a convention of elected delegates be convened in 2027 to draft a general revision of the State Constitution for presentation to the state's voters for their approval or rejection? Yes ☐ No ☐	Harrison Community Schools Operating Millage Renewal Proposal This proposal will allow the school district to continue to levy 17.4362 mills on all property, except principal residence and other property exempted by law, and renews millage that will expire with the 2026 tax levy. Shall the currently authorized millage rate limitation of 17.4362 mills (\$17.4362 on each \$1,000 of taxable valuation) on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Harrison Community Schools, Clare and Gladwin Counties, Michigan, be renewed for a period of 10 years, 2027 to 2036, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 17.4362 mills are levied in 2027 is approximately \$5,731,000 (this is a renewal of millage that will expire with the 2026 tax levy)? Yes ☐ No ☐
Proposal 2026-2 A proposed initiated law to prohibit campaign contributions from certain regulated utilities and government contractors and apply campaign finance laws and regulations to additional types of political communications The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐	Community College Mid Michigan College Charter Millage Proposal This proposal would restore Mid Michigan College's original millage, which has been reduced by the Headlee Amendment, and allow the college to levy on all taxable property the millage previously approved by the voters of the community college district. Shall the limitation on the total amount of taxes which may be assessed against all taxable property within the community college district of Mid Michigan College, Michigan, be increased by 0.2929 mill (\$0.2929 on each \$1,000 of taxable value) in perpetuity to provide funds for all authorized charter millage purposes specified within the power of the college's board of trustees; the estimate of the revenue the college will collect if the millage is approved and levied in 2027 is approximately \$1,307,848 from the local taxes authorized in this proposal? Yes ☐ No ☐
